

Dr. Joanna Bass seeks re-election to Suntree Master Homeowners Asso. Board of Directors.

In June 1982 I moved to my new Fairfield home, soon after renamed "Suntree."

I served 6 years on SMHA BOD as Chairperson of Government Liaison Committee and Chairperson of Community Relations Committee. In those roles, I represented Suntree interests at County development and Viera expansion meetings, and whenever our Suntree community would be environmentally affected such as: Pineda Extension, Wickham Road Extension, and Viera growth impact meetings. I wish to serve our community again, as County and Builder Developer projects continue around us. Please vote for me in our 2022 election.
