

Joseph R. Grutta

Everyone who calls Suntree home knows what a special place our community is. With many homes in our community now over forty years in age, Suntree is still one of the most desirable places to live in Brevard. This is in large part due to the many residents who have volunteered their time and the HOA staff.

As a resident of Suntree, I want to do my part to make our community even better. As a board member since 2021, I have been an advocate for the increased use of technology and volunteered my time to create a new mobile-responsive website for the association, with the goal of making information more easily accessible to residents.

I am also the chair of the Stormwater Committee and have been a member of the Finance Committee since 2020.

Professionally, I am the principal of Nautic Studios, which offers web marketing and IT services, and the creator of Far or Near, a social networking service for hobby enthusiasts. I attended the University of Florida and hold a master's degree in Information Systems and Operations Management and a bachelor's degree in Business Administration.

If re-elected, I will continue to work to keep our community beautiful and our assessments low and be an advocate for transparency. It would be an honor to continue to serve you as a member of the Board of Directors.

Thank you for your consideration!
