

Marvin Jackson Bio:

Let me introduce myself. My name is Marvin Jackson and have been a resident of Suntree since June, 1998 when my wife Pat and I built our home in the Sabal Palm Estates subdivision. We have been involved in Sabal Palm Estates Homeowners Association since October, 1998. Currently I am the President of our association.

Both my wife and I are retired from AT&T with 39 and 38 years respectively. During my career with Southern Bell/BellSouth/AT&T I worked as an Installer and was promoted to Manager in 1979. Besides handling personnel issues that arise with managing technician some of my other positions was to schedule the technicians to be dispatched out to fix customers' telephone service. This job was a demanding, high pressure but rewarding position that I enjoyed. The load control management position was considered one of the most difficult jobs in AT&T due to its complexity and need for flexibility. On a personal note Pat and I have been married since June of 1996 and have a blended family of three children and 5 grandchildren. I was born in Macon, GA and moved to Miami soon after. Brevard County has been my home since May, 1980.

As a member of the Sabal Palms HOA since moving into the Suntree PUD I have worked closely with Suntree Masters in resolving homeowners concerns and keeping the lines of communication open between the Masters and our sub association.

I have also been a member of the Suntree Master Board since March 2015.

If I'm selected once again to be on the Suntree Masters Homeowners Association, I will strive to maintain the lines of communication open and conduct business in an honest and above board manner. I believe no matter what job you are doing, salaried or volunteer, should always be done ethically.
